Family TIES Together In Enhancing Support is a statewide information and support network for families of children with disabilities, special health care needs, or chronic illnesses. It is a project at the Federation for Children with Special Needs, funded by and in collaboration with the Massachusetts Department of Public Health, Bureau of Family Health and Nutrition, Division for Children & Youth with Special Health Needs.

The mission of Family TIES of Massachusetts is two-fold: to share up-to-date information with family members and service providers to enhance the opportunities for the children in their care, and also to provide a unique type of sharing and support between parents who share similar life experiences.

Parent Coordinators are located at the Massachusetts Department of Public Health Regional Offices. For more information, call your Regional Coordinator or our toll-free number: 1-800-905-TIES (8437). Se hablar Español.

INTRODUCTION TO THE 2017 EDITION
OF THE DIRECTORY OF RESOURCES FOR FAMILIES
OF CHILDREN AND YOUTH WITH SPECIAL NEEDS

Family TIES of Massachusetts dedicates its efforts to addressing the information and support needs of more than 10,000 calls annually from parents and professionals seeking services for children and youth with special needs. As parents, too, our staff truly understands the road that families face, and works to bring both resources and hope to all.

This is the 20th edition of the annual Directory of Resources. We continue to receive kind comments from parents and professionals who see this book as an important resource. The root of our efforts is the thousands of requests we receive annually. They lead our staff to gather information about resources that are making a difference for individuals here in Massachusetts. The scope is broad: healthcare and specific conditions, academic options and supports, and ever-popular opportunities to connect with others and have fun. Our community is rich with resources that support advocacy skills development, legal services, and government programs. There is an emotional weight that families who are caring for a child with complex medical and social needs experience. We hope that preparing this Directory helps us improve life circumstances for families that are just like ours. Family TIES staff love finding new resources and ways to support families. Keep your calls coming!

The Directory of Resources is a starting point, when searching for information and resources. The six Family TIES Regional Coordinators are always making new connections, finding new organizations and programs, and managing their lists of local programs to address unmet needs.* We invite you to browse through the book. You may find programs or services available in another area of the state – and wonder, is there something like for my family? Call and ask: we will review your needs and seek out local services. Each solution is first for you, and then shared with many more callers. Our staff enjoys ensuring families’ needs are identified, solutions are considered, and resources found. “Alone we can do so little; together we can do so much.” Helen Keller first said it, and this is a motto we truly believe.

Gratitude: Thank you to John Sullivan, Wanda Morton, and Sonya Fort at the Federation for their hard work, in bringing the Directory to print. Thanks, too, to our funding agency, the Massachusetts Department of Public Health, for continuing its support of all of the work of Family TIES, on behalf of families of children and youth with special needs.

About the electronic version of the Directory: The public is welcome to print and share single or multiple pages of the Directory. The website’s PDF version allows you to print out many pages or a single page of information, or to use a Reader program.

Always thinking of the future: Public comments and suggestions will be important, as we prepare the 2018 Directory of Resources. Use the Directory Add a Resource form at the back, complete and share your submission by email or fax: info@fcsn.org or 617-241-0330. Thank you!

* Inclusion of resources in the Directory does not represent an endorsement of any program by the Federation for Children with Special Needs or by the Massachusetts Department of Public Health.

Looking for assistance? Just want to talk? Call: 800-905-TIES (8437)
Special Education Center
Provides support, information, training and workshops statewide related to special education to families of children with special needs. Projects include:
• Parent Training and Information Center (PTIC)
• LINK Center/Transition
• Community Outreach and Empowerment Project
• Parent Consultant Training Institute

Family Support Center
Provides parent to parent support for families who have children with a wide variety of special health care needs and/or disabilities. Projects include:
• Family TIES of Massachusetts
• MassCARE
• Project Launch/My Child
• Pathways for Parents

Health Advocacy Center
Provides healthcare information and support to families of children with special needs, and programming that helps build capacity for family partnerships between managed care organizations and parents. Projects include:
• Mass Family Voices
• Family-to-Family Health Information Center
• Massachusetts’ Children’s Health Insurance Program Act (CHIPRA)

Family and Community Engagement Center
Offers education improvement services to districts and schools in Massachusetts, and trains community volunteers to act as educational decision-makers for students whose parents are not available. Projects include:
• Family and Community Engagement Team
• Recruitment Training and Support Center for Special Education Surrogate Parents
• Title 1 Support and District/School Assistance Provider

Parent-Professional Leadership Center
Focuses on activities that help build collaborative relationships among key education stakeholders. Projects include:
• Massachusetts Association of Special Education Parent Advisory Councils
• Advancing Parent-Professional Leadership in Education
• Massachusetts FOCUS Academy – Graduate level professional development courses for school personnel
• The Partnership Project

617-236-7210 | www.fcsn.org
Family TIES of Massachusetts is a statewide information, referral, and parent-to-parent support network for families of children with special needs or chronic illness. Parent Coordinators work in state Regional Health Offices, providing support to families in their regions.

Family TIES is a project of the Federation for Children with Special Needs, with funding from and in collaboration with the Massachusetts Department of Public Health, Bureau of Family Health & Nutrition, Division for Children & Youth with Special Health Needs.

Information and Referral
- Toll-free, state-wide phone line 1-800-905-TIES-and regional offices make calling convenient.
- Parent Coordinators connect families with resources and the next level of services, if needed.
- Information can be shared on a wide variety of topics, including diagnoses, community resources and services, and support groups.
- Resource packets can be prepared on public benefits and other support services.

Early Intervention
- A central directory of Early Intervention EI-programs throughout the state is maintained.
- Contact information for referrals is available by phone and electronically on our website.

Parent-to-Parent Connections
- Parent-to-parent matching is offered by health concern, special need, or area of interest.
- Connections can be facilitated with additional support networks for parent-to-parent support.
- Support Parents are offered our “Listening and Learning” training and receive continued support.
- As an Affiliate of P2PUSA, parent matching may be offered nationally.

Resource Directory
- The Family TIES Directory of Resources for Families of Children with Special Needs is published annually.
- On-line access is available on our website: www.massfamilyties.org

Website
- www.massfamilyties.org offers information to parents and providers on subjects related to Early Intervention and other services and supports for children with special needs and their families.
- “Submit A Question” provides direct access to any member of the Family TIES staff.
- Emergency Preparedness materials are available from the staff and on our website.
- On-line forms for the Family TIES Advisors Program are available in English, Spanish, and Portuguese.

Workshops and Trainings
- Staff participates in the annual conference of the Federation for Children with Special Needs.
- Let’s Get Organized workshops focus on building organizational skills and strengthening community connections. Written curriculum is now available in English, Spanish, Portuguese, Chinese, Vietnamese, and Haitian-Creole.
- Listening and Learning trainings enhance listening skills for volunteer support parents.
- Contact your Regional Coordinator to attend a workshop or make arrangements for local offerings.

Family TIES of Massachusetts
Parent-to-Parent Program

Providing information and emotional support to parents who have a child with a disability, chronic illness, or special needs

What is Family TIES of Massachusetts?
Family TIES, Together In Enhancing Support, is a statewide information and support network for families of children with disabilities or chronic illness. It is a project of the Federation for Children with Special Needs, with support from the Massachusetts Department of Public Health, Bureau of Family Health and Nutrition, Division for Children & Youth with Special Health Needs. Our staff is made up of parents of children with special needs who have personally benefited from meeting experienced parents who helped to pave the way for our families. We offer information and emotional support to any family who has a child with a disability or chronic condition.

What is Parent-to-Parent?
Our Parent-to-Parent Program brings together parents facing similar challenges in raising their children with special needs. We believe that sharing experiences provides strength and support to each other.

Seeking Support
Parents may contact us in search of a listening ear—another parent who has faced some of the same issues and concerns as they now face. This may be in response to a new diagnosis, a new challenge, or just to recharge their batteries.

Sharing Support
One of the greatest gifts that we gain in raising our children is experience. In offering the wisdom that comes from each challenge we face, we lighten the load of those who follow us while validating the value of the lessons we have learned.

Who are Support Parents?
A Support Parent is someone who is trained to listen, share concerns, and offer information and support, with respect for confidentiality and cultural and individual differences.

How can you participate?
Please contact your Regional Coordinator if you would like to be matched with a Support Parent. All parents are invited to participate in our “Listening and Learning” training when you feel you would like to offer support to another parent. Individual and group trainings are offered at various times throughout the state. Contact your Regional Coordinator to learn more about the Parent-to-Parent Program.

Call us at 800-905-TIES (8437) or e-mail: gloria.klaesges@state.ma.us

- EARLY INTERVENTION

- STATE AGENCIES

- EN ESPAÑOL

- EM PORTUGUÊS
Early Intervention Services

Massachusetts Early Intervention (EI) is a program for infants and toddlers (birth to 3 years old) who have developmental delays or are at risk of a developmental delay.

EI services are designed to help support families and caregivers, and to enhance the development and learning of infants and toddlers through individualized, developmentally appropriate activities within the child’s and family’s everyday life experiences.

Early Intervention provides family-centered services that support the development of eligible children by assisting the child to:

- Develop positive social-emotional skills (building relationships).
- Gain knowledge and skills (learning).
- Use appropriate behaviors to meet their needs (develop—ing independence).

And by helping families to:

- Know their rights.
- Communicate their child’s needs.
- Help their children develop and learn.

Who is eligible for EI?

Any Massachusetts family with a child under three years of age may be eligible for EI services if the child:

- Is not reaching age-appropriate milestones in one or more areas of development.
- Is diagnosed with certain conditions that may result in a developmental delay.
- Has a medical or social history which may put the child at risk for a developmental delay.

How is a referral made?

The process is simple. Anyone (a parent, doctor, caregiver, teacher or friend) can find a certified Early Intervention program by calling 1-800-905-(8437) or visiting the Family TIES website at www.massfamilyties.org. Referrals are made directly to a certified program. A prescription or insurance referral from a health care provider is not needed.

What happens after a referral?

An EI team will complete an evaluation to determine eligibility. The evaluation looks at all areas of a child’s development as well as information about the child’s birth, medical history and family. If the child is eligible, an Individualized Family Service Plan (IFSP) is developed in partnership with the family. An IFSP is a working document that outlines the early intervention outcomes and services to be provided with the child, family and other caregivers.

A meeting to write the IFSP occurs within 45 days of when the child was referred to the EI Program. A service coordinator is assigned to ensure that a family’s priorities, needs and concerns are addressed and to coordinate collaboration among all EI and community team members.
Who provides EI services?

Services are provided by a team which includes the child’s family. EI services may be provided by a developmental specialist, physical therapist, speech-language pathologist, psychologist, occupational therapist, social worker, nurse, and other specialty service providers.

The EI team believes in the importance of establishing relationships and equal partnerships with family members and caregivers so that activities and strategies can occur throughout the day to enhance a child’s development.

Where and how are services provided?

Infants and toddlers develop and learn through meaningful everyday experiences and interactions in familiar places. This may mean that services are provided at home, in early care and education programs, playgroups, or within the family’s community. Services work best when families and caregivers participate in home visit activities.

The Early Intervention process from the initial contact through transition out of the program, is collaborative, individualized and reflects the child’s and family’s priorities, learning styles, culture and community.

Who pays for EI?

Most health insurances cover EI services. There are no co-payments or deductibles or other costs to the family. The Massachusetts Department of Public Health, MassHealth and private health insurance cover EI services.

*For updated information visit www.massfamilyties.org and click on Early Intervention*
Massachusetts agencies that oversee various services for individuals with disabilities.

**Massachusetts Commission Against Discrimination**
MCAD is the state’s chief civil rights agency. The Commission works to eliminate discrimination on a variety of bases and areas, and strives to advance the civil rights of the people. Areas of discrimination include employment, education, housing, credit lenders, mortgages, public accommodations or establishments. Regional offices in New Bedford, Springfield and Worcester.

Catastrophic Illness in Children Relief Fund
A fund created by the Massachusetts legislature to provide financial assistance to families who are MA residents, for expenses incurred for the medical and related needs of children under age 22 which are not otherwise covered by a private insurer, federal or state healthcare assistance or any other financial resource. CICRF is the payer of last resort, after the family makes all reasonable attempts to pursue other funding sources. Expenses must exceed 10% of the family’s gross annual income up to $100,000 and 15% of gross family income in excess of $100,000.

250 Washington Street, 5th Floor
Boston, MA 02108

Website: www.mass.gov/cicrf

Pediatric Palliative Care Network
Serves children under age 19 with a wide range of life-limiting diagnoses and their families. Services are to improve the quality of life of the child and family by meeting the physical, emotional and spiritual needs experienced during the course of illness, death and bereavement. Services include, but are not limited to, outreach to referring providers; intake and assessment; case management; pain and symptom management consultation; social services and counseling; respite; spiritual care; advanced care planning; volunteer support services; bereavement services; collaborative care planning with primary care providers; and coordination of care with other providers. The expectation is that most services are provided in the child’s home.

Growth and Nutrition Program
The statewide Growth and Nutrition Program provides expert evaluation and treatment for children who have problems eating and persistently fail to gain weight. The program ensures services are available to families to promote the proper health and development of identified children.

Growth and Nutrition Program services address medical, nutritional, developmental, psychological and social needs. Services are also coordinated with other community-based early childhood health, nutrition, and social services to ensure that children at risk of undernourishment and growth delay have access to care.

All children from birth to six with delayed growth may be referred to one of the Growth and Nutrition program providers for evaluation and treatment, regardless of income. Offices are located at Baystate Children’s Hospital, UMass-Memorial Healthcare, Greater Lawrence Family Health Center, Lowell General Hospital—Saints Campus, Brockton Neighborhood Health Center, Boston Medical Center, and Children’s Hospital Boston.

Universal Newborn Hearing Screening Program

Babies born in Massachusetts are screened for hearing loss before they leave the hospital. Our program contacts families whose infant did not pass and those infants that may have been missed. We help make follow-up appointments for further testing and are available to pay for the screening and the hearing test after any available insurance. Families whose infant has a hearing loss also receive parent-to-parent support and help with enrollment into Early Intervention. The Program also provides a variety of networking and support opportunities for families of older children with hearing loss.

Women, Infants and Children Nutrition Program (WIC)
The Massachusetts Women, Infants and Children WIC-Nutrition Program is a health and nutrition program that provides nutrition education and counseling, education and counseling, specific nutritious foods, and referral to health care for low to moderate income pregnant, breastfeeding or non-breastfeeding women, infants and children under five. WIC also provides breastfeeding support, immunization screening and referral to other health and human services, and collaborates with the U.S. Department of Agriculture to distribute coupons for fresh fruits and vegetables, redeemable at Farmers’ Markets. Massachusetts WIC has 35 local programs across the state, with over 120 sites. Eligible families are able to enroll and receive WIC services the same day.

Early Intervention Services
Early Intervention in Massachusetts is a statewide, integrated, developmental service available to families of children between birth and three years of age who have or are at risk for developmental delays.

EI provides family-centered services that facilitate the developmental progress of eligible children and helps them to acquire the skills they need to continue to grow into happy and healthy members of the community. To view the complete listing of certified Early Intervention Programs or to find programs that provide services in your area, call the Family TIES toll-free number: 800-905-TIES (8437) or visit the Family TIES website: www.massfamilyties.org

Early Intervention Parent Leadership Project (EIPLP)
EIPLP is a parent-driven project created to support families whose children receive EI services. The Project works to develop an informed family constituency, promote the development of lifelong advocacy and leadership skills and support the EI system to become increasingly family-centered. Regional parent coordinators provide training, mentoring, and support that assists families to take on multiple partnering roles within the EI system.

Early Intervention Partnerships Program (EIPP)
Coordinated by an existing Early Intervention EI-program, EIPP is a home visiting program serving pregnant and postpartum women, infants and their families, based on assessment and family choice. EIPPs provide maternal and infant health assessment and monitoring; health education and guidance; screening and appropriate referrals for pre-term labor, maternal depression, substance and tobacco use, and domestic violence; assistance with breastfeeding; parenting skills; and linkage with WIC and other resources. EIPP is available in Springfield, Fitchburg, Southbridge, New Bedford, Fall River, Somerville, Lynn, and Lowell.

Regional Consultation Program (RCP)
The Regional Consultation Programs provide consultation, training and/or direct services to young children with complex medical/health needs, their families, EI programs and other community providers. RCP’s primary goals are to:

1.) provide consultation to children and families and community programs where young children typically access services,

2.) assist EI programs to meet the complex medical needs of eligible children,

3.) build community capacity by expanding skills and knowledge of community providers to ensure the inclusion of young children with complex care requirements, and RCP services are provided regionally in conjunction with early intervention programs. Contact the RCP that serves your EI region.

Massachusetts Executive Office of Health and Human Services, MassHealth

This agency runs MassHealth, the Massachusetts Medicaid program. Massachusetts offers MassHealth Coverage, including primary or supplemental policies, available on a sliding scale fee, for families who do not meet income guidelines for the free or lower cost plans. MassHealth offers coverage intended to provide primary or supplemental health insurance to families without insurance, to families who have insurance but need help paying the premiums or paying the deductibles and co-payments, to women who are pregnant, to families who have children under the age of 18, and to people with disabilities.

Aliança de Saúde de Cambridge
Cambridge Health Alliance

A Cambridge Health Alliance é um sistema de saúde comunitária formado por três hospitais, mais de vinte clínicas de saúde e vários programas comunitários, localizados ao norte de Boston, nas cidades de Cambridge, Somerville, Everett, e Revere.

Diagnósticos e tratamento para a maior parte das condições de saúde são oferecidos a pessoas de todas as idades. Vários funcionários do corpo médico, de enfermagem e assistentes falam mais de um idioma, além disso, intérpretes estão disponíveis, gratuitamente.

A maior parte dos médicos da Cambridge Health Alliance aceita todos os grandes planos de seguro de saúde. Se você não tiver seguro médico existem vários programas disponíveis que podem ajudar. De acordo com a sua renda, você pode qualificar para o MassHealth, o Network Health, ou o Free Care. Os funcionários da Assistência Financeira da Cambridge Health Alliance pode lhe explicar os programas, fornecer os formulários de solicitação e ajudar a preenchê-los. Atendimento de emergência 24 horas ao dia são encontrados no Cambridge Hospital, Somerville Hospital, e no Whidden Hospital.
